Additional Results for Kiez Benchmark
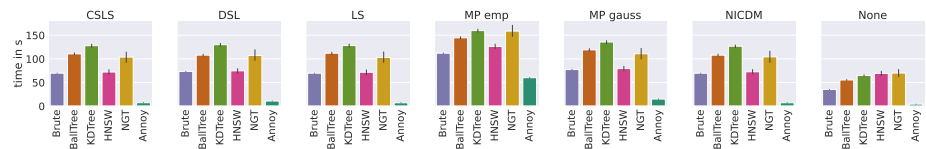

1 Time and Memory

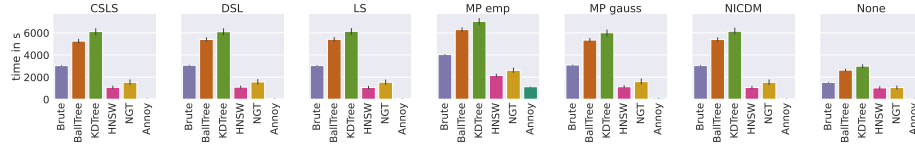

Figure 1: Time in seconds on 15K datasets

Figure 2: Time in seconds on 100K datasets

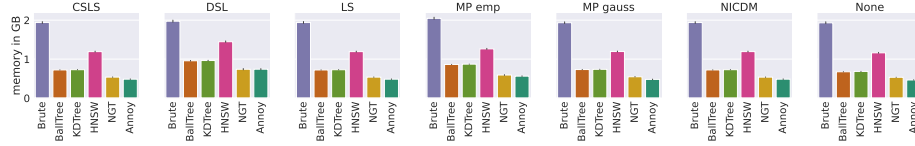

Figure 3: Peak memory consumption on 15K datasets

Figure 4: Peak memory consumption on 100K datasets

Figure 5: Critical distance diagram showing differences between hubness reduction techniques for ANN and baseline with regards to execution time on small datasets

2
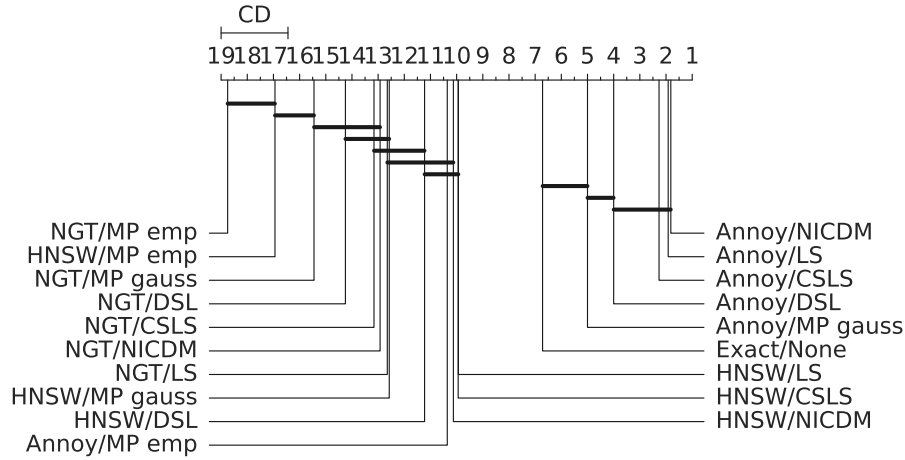

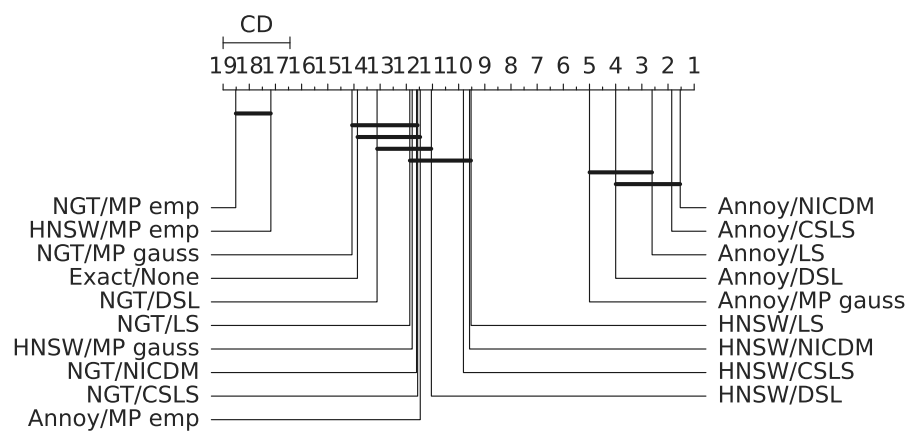

Figure 6: Critical distance diagram showing differences between hubness reduction techniques for ANN and baseline with regards to execution time on large datasets
